

NEW

A practical and positive whole-school approach, making online safety learning active and purposeful

The online safety curriculum your learners need

- Provides an age-appropriate online safety curriculum that is flexible, relevant and engages pupils interest
- Builds on the success of the original Somerset BYTE resources, updating for new opportunities and challenges, increasing pupil involvement and promoting active learning
- Includes termly focus: I am kind and responsible, I am safe and secure, I am healthy with themes such as self-image, cybersecurity and lifestyle choices
- Provides full lesson plans, assemblies and support for teachers
- Offers a range of reward materials including posters, certificates and stickers and assessment

“The BYTE scheme is a clear, progressive and engaging way to teach online safety whilst ensuring a whole-school approach. It is easy to implement and relevant to each age group, providing clear guidance for all teachers and incentives for children to work towards.”

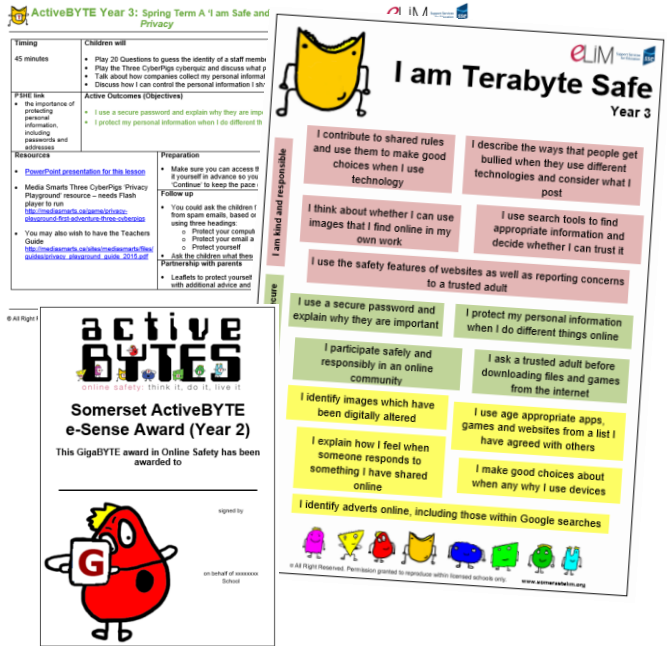

**Lois Bowery,
Greenfylde First School**

Providing active learning activities – think it, do it, live it!

- Six lesson plans for each year group, focused on active skills-based learning
- Provides pupils with opportunities to make real decisions they will adopt as part of their lives outside school – we want them to do it, not just say it
- Encourages peer support and working together to make a difference

Easy to use scheme, with resources for teachers and learners

- All lesson plans included, with detailed active outcomes, resources and preparation notes
- Foundation Stage planned with a continuous provision map
- Assessment criteria included, with an annual assessment grid
- Posters for classroom display show yearly active outcomes
- Certificates and stickers promote pupil rewards for putting knowledge into practice
- Assembly scripts give whole-school focus

Partnership with parents

- Advice for engaging families included in each lesson plan, with weblinks and practical ideas
- Termly assembly scripts for each key stage

Updated regularly

- New assemblies and 'rapid response' lessons to be added through the year
- Annual subscription ensures you don't miss out on new resources

No cost for schools subscribing to SSE eLIM Education Technology Team

For other schools:

- Annual subscription to ActiveBYTES Online Safety Scheme £95
- Annual subscription to all content on SSE eLIM Education Technology Team website £145
